Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 13 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy, with a wintry mix today. Milder by Sunday.

Today:
A band of precipitation arrives in the morning, migrating eastwards. This initially falls as rain in Cornwall but turns wintry further west, giving freezing rain and snow to the rest of the region. Windy, with potential gales at the coasts. Maximum temperature 6 deg C (43 deg F).

Tonight:
Rain and drizzle fall intermittently through the region into the night, before further rain arrives in the early hours. Strong winds continue, especially towards the coasts. Minimum temperature 1 deg C (34 deg F).

Sunday:
Some rain moves in from the west during the morning, heavy at times, and continues through the whole day. Staying windy, especially towards any coasts. Milder than of late. Maximum temperature 11 deg C (52 deg F).

Outlook for Monday to Wednesday:
A cloudy day Monday, as milder temperatures move in. Wetter from Tuesday and into Wednesday, with scattered showers and sunny spells. Windy throughout.
